EXCESSIVE USE OF FORCE BY THE POLICE IN GERMANY

WHO WE ARE

We are a research team at Ruhr University Bochum funded by the DFG (German Research Foundation) and led by Prof. Dr. Tobias Singelstein.

WHAT WE WANT TO KNOW

We want to find out who the victims of illegal use of force by the police are and what the reasons for and circumstances of their victimization are. Further, we would like to know more about what motivates the decision whether or not to report the incident. The study aims to find out more about unregistered instances of police violence and to direct attention towards a topic on which too little is known so far.

WHO WE ARE SEARCHING FOR

We are looking for people who have been subjected to excessive use of force by police in Germany.

HOW TO PARTICIPATE

Are you affected? Then share your experience with us and participate in our anonymous and secure online survey. The survey is available in German, English, French and Arabic at www.kviapol.rub.de. Completing the survey takes about 30 minutes. Launch date is November 8, 2018.
